Chauffeur Truck Driver

We are looking for help in our delivery department! Positions are vacant for delivery drivers who are comfortable driving delivery box trucks or stake trucks throughout West Michigan. Some experience in driving larger vehicles is required and delivery experience is preferred. Must be able to operate vehicles with either a manual or automatic transmission. Our chauffeurs license drivers are used for a few purposes. We transfer materials between our yards so that we can facilitate the loading of all of our semis without having to move them many times a day. This is called a transfer load and is the bulk of our needs. We also will run smaller deliveries out to customers where a larger truck would be inefficient. Lastly, we pick up merchandise from vendors throughout Michigan to stock for sale.
